

FINANCIAL ECONOMICS

Demand, Supply, Careers and Earning Power

(for rising 5-8 Graders)

Hierarchy of needs, Demand and Supply, how are 'prices' set, what is 'earning power', job vs business, salary vs profit, starting salaries in professions, balancing skills, interest and earning power and much more..

This summer, help your child learn the fundamental principle of **Demand and Supply**. Not only does this one single principle determines prices of almost everything we buy, it determines almost all of life's outcomes. Which college will we get accepted to, what career choices we will make, what our salaries are and how much earning power our choices will have in the long run.

This course is designed to introduce children to real world money concepts in a fun, interactive environment. Sessions led by Instructor with 20+ years finance experience and will include games, simulations and projects!
