

FINANCE BASICS FOR STUDENTS

Understanding Money

(for rising 3-6 Graders)

Concept and history of money, how people earn money, how students earn money, how banks and credit cards work, spending, saving and investing, real world financial choices, income, expenses, budgets, saving for life 'goals' and much more!

Children take money for granted. They think that wealth comes from being lucky, that credit cards are free and their wants are their needs!

This course is designed to introduce real world money concepts in a fun, interactive environment. Sessions led by Instructor with 20+ years finance experience and will include money games, making money choices and real money projects!
